

FLOWERFIELDS

funeral flowers price guide

**“FROM THE EARTH
THEY CAME TO THE
EARTH THEY
RETURN”**

We are deeply sorry for your loss and extend our heartfelt condolences during this tender time. At Flowerfields, we believe flowers hold a special place in commemorating the life of a loved one. Our bespoke floral tributes are crafted to reflect the essence of the person being honoured, using sustainable techniques and seasonal blooms.

WHY CHOOSE US

Sustainable Tributes - We create eco-friendly arrangements that are fully biodegradable and free from floral foam

Locally Grown - Our focus is on using materials grown in the UK, by ourselves, other local growers and other British Growers, but when needed, we can source Dutch flowers to ensure we meet your wishes beyond the local growing season.

Unique and Personalised - Each arrangement is designed to reflect the individual's personality, incorporating meaningful items and personal touches.

Suitable for Natural Burial Grounds - Our tributes are crafted to honour the natural cycle of life, making them suitable for eco-conscious burials.

OUR PROCESS

A Conversation, Not a Catalogue

Our process begins with a conversation. We take the time to listen and understand, ensuring the floral tribute reflects your wishes and memories of your loved one. We work collaboratively, drawing on seasonal flowers and sustainable practices to craft a fitting arrangement.

Deliveries

- We will deliver to your chosen undertaker
- . Mileage is charged at 45p per mile from SA19 9ST

OUR ARRANGEMENTS

Wreaths, Sprays, Sheafs

Crafted with care using seasonal flowers, these arrangements are designed to offer comfort and reflect the beauty of life. Each piece is one-of-a-kind, celebrating the uniqueness of the person remembered.

Bespoke Designs

We believe every life is unique, and so should be the tribute. Our bespoke designs incorporate personal items, such as a gardener's or a favourite pair of boots, to create something truly special and meaningful..

Prices

Prices are usually as stated within the guide but may vary according to special requests.

OUR COMMITMENT TO SUSTAINABILITY

All of our funeral flowers are created with eco-conscious techniques. This means:

- No floral foam, poly ribbons, or plastic holders.
- Use of natural, compostable materials.
- Using as many locally grown flowers as possible, reducing transport emissions and supporting the local community.
- Fully biodegradable bases and materials, suitable for woodland and natural burials.

CASKET SPRAY

A coffin or casket spray is a beautiful and meaningful floral arrangement placed atop the coffin during a funeral or memorial service. Chosen by close family, it reflects the personality and memories of the deceased, symbolising love, respect, and farewell. Each arrangement is designed to provide comfort and serve as a focal point, with flowers that hold personal or symbolic significance.

Starting at 90cm/3ft from **£66 per foot**

We also offer a deconstructed casket spray. This looks like a standard casket spray but is made of large and small tied bunches. The casket spray can be taken apart after the service and used at the wake or shared with family members.

Starting at 4ft from **£73.50 per foot**

Casket sprays can be constructed using sustainable practices that are suitable for natural burial grounds.

NATURAL TIED SHEAF

Like a large flat floral bouquet using flowers and colour palette that reflects the life of your loved one. The sheaf is tied with raffia making it suitable for natural burials.

Standard - approx 70cm from **£84**

Large - approx 90cm from **£131.25**

We also offer a deconstructed natural sheaf that is made of approximately 4 bunches that can be separated and shared after the service.

approx 80cms from £157.50

Suitable for natural burials

WREATH

A traditional wreath using natural materials as the base - willow and moss

Mossed biodegradable wreath (sizes vary due to handmade nature of the bases)

Starting from £84

Can be made suitable for natural burials

OTHER FLORAL TRIBUTES

Other funeral tributes available:

Natural weaved heart wreaths - start from £52.50.

Wrapped bouquets from £37

Posies to be placed on the coffin from £21 each.

Can be made suitable for natural burials

BESPOKE

Feel free to reach out and share any special ideas you have – we are always happy to be creative and find ways to include them. We can make fully biodegradable tributes that are perfect for woodland burials, using agra wool and moss along with biodegradable bases for most of our designs. In some cases, we use reusable containers and trays, that can be returned and used again. We are committed to making things as sustainable as possible.

Special Requests

We understand that every detail matters. If you have special requests or wish to include meaningful items in the arrangement, please feel free to reach out and discuss how we can create a truly unique tribute.

Thank you for considering Flowerfields to help honour the life of your loved one with flowers that are as meaningful as they are beautiful.
