# WELCOME TO FLOWERFIELD WEDDINGS

Nestled in the heart of the countryside, Flowerfields is a place where nature leads the way. We grow our flowers with care using sustainable, no-dig methods that respect the land and encourage biodiversity. No chemicals, no floral foam just seasonal British-grown blooms cultivated right here on our farm and sourced from other local growers who share our values.

We believe wedding flowers should be as natural and meaningful as the day itself. Whether you're dreaming of a wild, romantic bouquet, meadow-inspired arrangements, or delicate floral touches to complement your celebration, every petal we provide is thoughtfully grown and gathered with the seasons in mind.

Choosing Flowerfields means embracing nature's beauty in its purest form. It's about celebrating your love with flowers that tell a story—one of sustainability, local craftsmanship, and respect for the environment.

We can't wait to be part of your journey.

# Seasonal wedding flowers, naturally inspired and beautifully arranged.

If you've always dreamed of a wedding filled with beautiful, scented flowers, our relaxed floral arrangements can bring a touch of natural charm to your special day. Designed in a garden-gathered style, they're full of traditional blooms and delicate fragrance, creating that effortless 'just-picked' from the garden feel.

From spring through to early autumn, we use seasonal flowers and work closely with local growers to source the best blooms to complement the ones we grow. When needed, we can also find beautiful flowers within the UK all year round.

# WE SPECIALISE IN DIY WEDDINGS

We specialise in providing flowers for small intimate weddings. Offering bouquets and buckets.

## **Buckets of seasonal flowers:**

For those with a flair for floristry or a love of crafting, spending the day before your wedding with friends and family creating your own floral displays can be a wonderful and meaningful experience.

## **Bouquets and buttonholes:**

**Your Bouquet:** We will create a beautiful one-of-a-kind bouquet that reflects your style,—whether you love classic neutrals, bold colours, or a mix of seasonal blooms. Every design is unique to your colour palette and wedding vibe.

**Flowers for the Bridal Party:** Complete the look with matching buttonholes, bridesmaid bouquets, corsages, and other floral touches to bring everything together beautifully.

# DELIVERY, SET UP & COLLECTION

You can choose to have your flowers delivered straight to your home or venue, or you are welcome to collect them from Flowerfields.

Delivery and setup costs are based on mileage and time; and will be quoted after our initial consultation once we've discussed the details. Delivery can be made on the morning of your wedding.

If you would like our Buckets & Bouquets service, your buckets can be collected a day or two before the wedding, giving you plenty of time to create your arrangements. Flowers will need to be kept in a clean bucket with clean water to stay fresh. You can bring your own buckets or rent from us at a charge of £5 each. I will let you know how many buckets you need.

This service gives you the freedom to create a wedding flower package that's completely flexible and personal to you, making sure your flowers are as unique as your love story.

# OUR BEAUTIFUL BOUQUETS

Our bouquets are individual to you, bespoke and unique. All created with seasonal flowers in your own choice of colour and style using homegrown, locally sourced and British grown flowers whenever we can.

It's the little touches that bring everything together!

# VENUE & TABLE FLOWERS

We can offer a range of decorations - centrepieces, bud vases, individual vases, aisle and pew arrangements from miniature posies to meadow boxes.

Have a conversation with us about your requirements

# BRIDAL PARTY FLOWERS

Created to compliment the wedding couples flowers. Ranging from bridesmaids bouquets, flower crowns and buttonholes.

We also offer mini posies or flower wands for the little ones in your bridal party.

For all our arrangements the price is for flowers, my time and skill. All milk churns, boxes, buckets, chicken wire etc belong to Flowerfields. These elements are reused to help keep our business as sustainable as we can.

Venue decor will be subject to a delivery fee based on mileage. There is also a set up and take down fee with a minimum cost of £20.

# WHAT NEXT.....

Contact us and we will send you a wedding enquiry form.

Once we receive this form we will be in touch to arrange a consultation. This can be conducted face to face, via a voice call, video chat or through email, whichever way suits you best.

We can discuss your requirements in more detail. We will look at flowers in season, colour palettes and what type of arrangements you might have in mind.

After this meeting we will provide you with a quote which is valid for 7 days and then to secure your date you will need to pay a minimum of 50% of the quotation costs via bank transfer. Following receipt of this we will supply you with a bespoke mood board based on our conversation and to check that we have fully understood your requested style and colour scheme.

# TO BOOK

Once you are happy with the quote let me know and I will get you booked in.

Our wedding terms and conditions will be sent to you for you to sign. This will include details of cancellation charges.

If your quote is above £300 you will be invoiced for 50% of your quote - this is to be paid via bank transfer. Until this is received then your booking is not secured.

If your quote is below £300 then full payment is required to secure your date.

If you wish to make any adjustments to your order then this can be done up to 6 weeks before your wedding day. This is when the remainder payment is due. We will be in touch nearer the time.
